

LITHUANIAN DEFENCE INDUSTRY:

map of products and services

AIR/SPACE

NANOAVIONIKA

Satellite communication, flight-proven nano-satellite

AIR/UAV

AERODIAGNOSTIKA

UAV systems for monitoring and military applications (target, reconnaissance)

GRANTA SOLUTIONS

Fixed wing micro-UAV for surveillance and reconnaissance purposes

MINISKIPAS

UAVs for visual information collection and post-processing

AIR/GROUND SUPPORT

ASU BALTIJA

Aircraft repair, maintenance and modernization

AVIATIC MRO

Aircraft and helicopter maintenance, training of pilots

AMMUNITION

GIRAITĖS GINKLUOTĖS GAMYKLA

NATO ball cartridges

COMMUNICATION AND INFORMATION SYSTEMS

HNIT-BALTIC

Geographical information system

NRD CS

Cyber security (hardware and software)

PRIMECOM

Cellular network security solutions

ELSYS TS

ICT design, development, installation, maintenance

PIXPRO

Photogrammetric image reconstruction solutions

ELSYS

ICT, system integration

COMPONENTS

ALTECHNA

Optical components, OEM

SARGASAS

Optical and Electro-Optical Components

3 FOTONAI

Laser optics and crystals

ESEMDA

Electronic components: serial electronics production & prototyping

PRECIZIKA METROLOGY

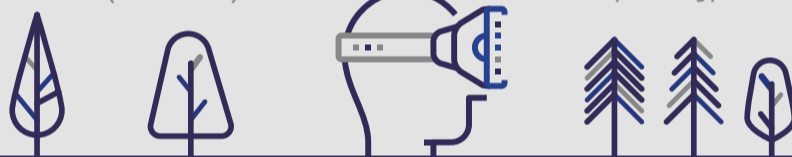

Mechatronics components (encoders)

KITRON

Electronic equipment and components

ENERGUS POWER SOLUTIONS

Power supply: lightweight, high density energy storage

DETECTION, LOCATION, ACQUISITION AND DECEPTION

BROLIS SEMICONDUCTORS

Semiconductor optoelectronic devices: laser pointers and illuminators; Weapon sights and night vision systems; Surveillance system; Projects & OEMs

ADOS_TECH

Thermal and night vision devices

LITAK-TAK

Air defence systems: radar, SAM, ATC

NT SERVICE

Counter-drone systems, radio blocking system

KRYPTINGI PROJEKTAI

Object recognition using AI and cameras

SONDERUS LT

Perimeter surveillance systems comprising of radars, imaging and AI

VAIZDUOTĖ

Sensors for the identification and localization of vehicles

TIGBIS

Decoding, distant information collection, drone detection

GROUND

ARVEKA

Host nation real life support

GROUND VEHICLES

AUTOKURTAS

Technical support and maintenance of armored vehicles

KG KNUTSSON

Vehicle repair and maintenance

OSTARA

Design and development of hybrid buggies

PERSONAL EQUIPMENT

AUDIMAS

Tactical clothing

GARLITA

Specialised clothing, uniforms

TUMA

Battle dress, uniforms, jackets

POLIMASTER EUROPE

Detection and Identification Equipment (CBRNe)

SAFARILAND LITHUANIA

Armored vests

LIELBATA

Ballistic helmets

R&D

BPTI

Defence and security-related R&D in RF, AI and AR/VR for military UX/UI solutions

FTMC

Development of special equipment: laser, electromagnetic measurement; military clothing and protection
