

# ENGINEERING IN LITHUANIA

The Engineering Industry is one of the largest manufacturing sectors in Lithuania. Lithuanian industrial engineering is highly competitive in terms of cost and quality, and it is well-integrated into the global supply chains.

## WHY LITHUANIAN ENGINEERING INDUSTRY?

Integration into international value chains

Specialization in the industrial equipment, automotive components, construction and food industry equipment sectors

High competence in outsourced manufacturing projects

High adaptation to customer needs, creating added value

High export diversification

Ability to create individual solutions from design to production

Lithuanian companies create electricity-driven transportation solutions for everyone's needs: bicycles, cars, buses, vans.

Lithuanian engineering sector generated around

**1/5**

of the total value added in the country

## INFRASTRUCTURE

**7**

Free Economic Zones

**3**

International Airports

Well-developed Rail system

Well-developed Logistics Network

**11**

manufacturing and engineering clusters

Lithuania produces widely recognized special transport for police, military and emergency medical services. Such transport can be found in many EU countries under the brands of Mercedes-Benz, Volkswagen, MAN, Opel, Fiat.

# STRONGEST ENGINEERING SUBSECTORS

Automotive

Electronics

Renewable Energy

Machinery production

Shipbuilding Industry

Lithuanian companies can offer solutions from subcontracting to the end-user product manufacturing

## EXPORT RESULTS, 2020

**€2.9**

bn export value

**170+**

export markets

**9.8%**

average annual exports growth rate

**72%**

export intensity

**75%**

share of exports to the EU

## TOP EXPORTED PRODUCTS

Plastics

Electrical machinery and equipment

Products of iron and steel

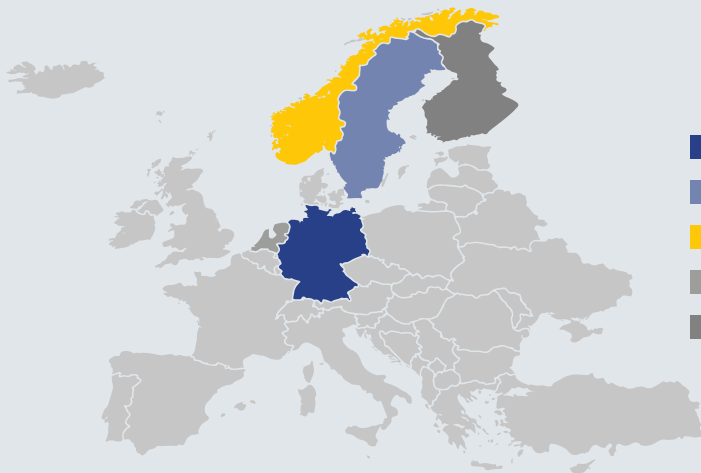

Machinery and mechanical appliances

Optical, measuring, checking instruments

## MAJOR EXPORT DESTINATIONS, 2020

- Germany
- Sweden
- Norway
- Netherlands
- Finland

Lithuanian engineers are trusted by companies and organisations like NASA, Boeing, Kytron, Hitachi, Siemens, Bosch, Continental, ABB, HELLA, Audi, Chrysler, BMW, Volkswagen, Volvo, Mitsubishi, Toyota, Renault, Mercedes-Benz, General Motors.

**Enterprise**  
Lithuania

A government agency promoting entrepreneurship, supporting business development and fostering export. A one-stop-shop for foreign entrepreneurs looking for business partners in Lithuania.
